Instructions

What is Lightning Lane?

- When you purchase **Lightning Lane Passes**, you are able to bypass the standby line and join a shorter line for select attraction and entertainment experiences. The passes allow you to choose the rides and attractions you want to experience before you arrive to the parks! There are three types of **Lightning Lane Passes**: **Multi Pass**, **Single Pass**, and **Premier Pass**.
- With **LL Multi Pass**, you can choose up to **three** experiences in advance. **LL Multi Pass** prices vary but typically are \$20-30 per person per day. They are available to purchase through your MyDisneyExperience app starting at 7:00 AM EST **three** days prior to your first park day (or **seven** days prior to your check-in day if you are staying at a Disney Resort hotel). Don't forget, once you enjoy your first **LL Multi Pass** reservation in the park, you can make an additional **LL** reservation based on availability! Also included in your purchase are digital downloads of select attraction images and Disney-themed photo lenses.
- Alternavately, you can purchase a **LL Single Pass** for up to two of Disney's most in-demand attractions per day. The price varies but is typically between \$10-20 per person per attraction. You can purchase **LL Multi Pass** and **LL Single Pass** for the same day in a single transaction.
- Lastly, with **LL Premier Pass**, guests get one-time entry to EACH available **LL** experience in a single theme park on one day. With the **LL Premier Pass**, you will not need to chose return times but enter the **LL** at your convenience! The **LL Premier Pass** is still being rolled out and is currently only available to guests of the Disney Resort hotels. The price varies but will typically be between \$150 to \$450 per person per day.
- When you make your **LL** reservations, Disney will recommend arrival windows that work with your plans, but you have the freedom to select anytime that works for you!
- In your MyDisneyExperience app, you can view available experiences for all three types of **LL Passes** on the **Tip Board**. You can find your Tip Board by clicking the **+** icon on the bottom of the screen and then clicking "View My Genie Day and Tip Board" and navigating to the Tip Board tab. On that same page, you'll find the **My Genie Day** tab where you will see your current theme park plans for the day all in one place. You'll also get personalized recommendations customized to your preferences.
- You are able to modify your **LL** selections in the app at anytime, but keep in mind, the new reservations will be at current availability. Simply click on the **LL Passes** section of the home screen to view and modify your current selections.

Purchasing Lightning Lane & Making Reservations

- You can purchase **LL Passes** starting at 7:00 AM three to seven days prior to your visit. We recommend having the app open just a bit before 7, though, in order to secure your reservations as quickly as possible. It's all based on availability!
- When you are ready to make your reservations, you can tap the **Lightning Lane Passes** section on the home screen of your MyDisneyExperience app. Select a date and a theme park and select if you'd like to purchase **LL Multi Pass**, **LL Single Pass**, or both. If you selected **LL Multi Pass**, once you've made your **LL** reservations, you can tap "Plan Another Day" to purchase another pass or tap "View My Day" for details about your **LL** selections.
- If you do not purchase **LL** ahead of time, you can always make purchases once you arrive to the park through the app. Remember, at the parks, once you have checked in for your ride with your **LL Pass**, you can immediately make your next **LL** reservation. You do NOT need to wait until you ride the ride to make another reservation.
- If someone in your group wants a different **LL** reservation, you **must** first select the same ride for all guests. Once you have completed all your selections, you can then modify your reservation for select guests and choose a different attraction.
- If you have park hopper tickets, you will need to make all your advance **LL** reservations at the park you are visiting first that day. After you have used your first **LL Pass** that day, you can select your next **LL** reservation at a different park.

Our Top Tips & Tricks

- **Do your research prior to your visit.** You should talk with your traveling group about which attractions you'd like to experience before it is time to make your **LL** reservations. You can save your group's top picks in your MyDisneyExperience app using the **My Genie Day** feature. When you open this page, click on "Get Started Now." From there, you will select up to eight attractions you are interested in at the park. We suggest only selecting the top few that you want to prioritize. These will show up at the top of your Tip Board when you go to make your reservations so you don't have to scroll to find them. You can keep editing these priority selections throughout the day to make sure your favorites show up first!
- **Get familiar with the Tip Board.** It's a good idea to play around in the MyDisneyExperience app before your trip. There's lots of great tools, like the map, mobile ordering, and park hours. Most importantly, the Tip Board will help you throughout your park days to make **LL** reservations.
- **Have everyone download the MyDisneyExperience app on their phones.** If one of you does run out of battery, then you will have back up phones to make your next reservations with!
- **Be ready before 7:00 AM!** All Disney Resort guests will be up to make their reservations, meaning the servers may slow down right when its time to make your reservation. Make sure you are up and ready to make your reservation BEFORE the clock hits 7:00 AM. We suggest using an Atomic Clock (time.gov) on another device to make sure you are clicking the button RIGHT at 7:00 AM.
- **Make sure to bring a portable phone charger!** To make additional **LL** reservations in parks, you'll need to be checking and using your phone frequently which can drain your battery quickly. Make sure you have extra battery packs!
- **Keep an eye on wait times for rides you DON'T have reservations for.** When you first arrive in the morning, the most popular attractions may have very low standby wait times because many guests made **LL** reservations for them instead. If you're arriving at rope drop or with early theme park entry, head to the most popular rides first when lines are shortest.
- **Check back at rides you thought were full.** Cancellations do happen, so keep an eye on your favorite rides to see if any earlier reservation times become available!
- **Refresh to see new return times.** If the ride you want to book next doesn't have a great return time, you can refresh the page before confirming the reservation to try to get a new time.
- **Arrive early or late.** You can arrive to your **LL** reservation up to 5 minutes early and you have a grace period of 15 minutes at the tail end of your reservation.

Rides Only Available through LL Single Pass

Select rides at each park are ONLY available through **LL Single Pass** or **LL Premier Pass**, which is a separate purchase than **LL Multi Pass**. Note that these rides run out of **LL** reservations quickly, so make sure to secure these right away if any of them are must-sees for your family!
